

Dear Cantor _____,

The Search Committee of Temple _____ would like to thank you for your interest in our synagogue. We appreciate your response but after considering many gifted cantors like yourself, we believe we would not be a good match for you.

You are a talented, exciting and enthusiastic cantor, and we know that you will be a great blessing and success in another synagogue.

After interviewing you (or reading your resume/listening to your CD and those of...) and our other candidates, our Search Committee has a deep sense of awe of the remarkable men and women who serve as cantors in our Reform movement.

Sincerely,
