Calling all ACC/GTM Members Who Have Lived or Worked on the West Coast!

We Need Your Input

The ACC/GTM Convention Concert in San Diego will be a Theatrical Narrative of West Coast Jewish Music and the Cantorate. With the help and guidance of theatre dybbuk, we want to gather your stories and experiences.

Please help us to make sure the narrative represents all of us by participating in one of three one-hour Zoom or in-person experiences. We’ll walk you through a free-writing exercise that will aid you in expressing the depth of our community and history. Following our sessions, Aaron Henne, the director of theatre dybbuk, will weave our words into a script. The concert chairs will then rework that script to include music, and the concert participants will perform the story and music.

Help Us Get the Word Out!

Please help us get the word out as well, especially to mentors and teachers of our region. We want to make sure all ACC and GTM people who have lived and worked on the West Coast are included.
Join us at one of the three gatherings via Zoom or, if you are local, in person! Please note: ALL material will be shared anonymously and safely; you and your stories will be protected and honored. This is a hallmark of theatre dybbuk and a promise we make to you. We know you will have a rich experience exploring your memories in this unique way. L’shalom Alison Wissot, Susan Rosenstein, Patti Linsky and Perryne Anker
